

# Seneca Nation of Indians Department of Transportation

February 21, 2022

To Whom It May Concern:

The Tribal Transportation Improvement Program (TTIP) is a financially constrained document that is required to show planned Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) expenditures for federal fiscal years 2022-2027. One of the requirements of funding any project using federal transportation funds is that each proposed regionally significant project or any major changes to program must undergo a public review and comment period. Therefore, additions or deletions to the TTIP and certain changes to current projects or programs in the TTIP must meet this requirement before federal funds can be obligated. As such, the Seneca Nation Department of Transportation (SNDOT) is requesting your assistance in reviewing and commenting on the listing of proposed projects for the FY 2022-2027. The project listing and program funding snapshots can be found by viewing the line below:

<https://sni.org/community-services/department-of-transportation/>

If you require a printed copy or need additional information, please contact Ben Anderson (contact information listed below). All comments are to be received no later than 4:30PM, March 18, 2022:
