Congratulations on your new position!

Hello, My name is Jacquelyn Lay and I am the Job Developer/Coach for the Training & Employment Resource Center. I will be working on both Allegany and Cattaraugus Territories with the Vocational Rehabilitation Program. I started working in the department as the Secretary and learned as much as I could about our programs and services we provide to the community. I have lived on the Cattaraugus Territory most of my life and worked with various departments throughout the Nation. I am a member of the Coldspring Longhouse and of the Turtle Clan. My interests include Fishing, Music, Art & Dancing. I look forward to bringing my creative and inspiring attitude to the Vocational Rehabilitation program and I can't wait to meet you!

Welcome our new member to the T.E.R.C Team...

Gail Kennedy

My name is Gail Kennedy and I am pleased to be the Seneca Nation Vocational Rehabilitation Intake technician. I look forward to working with our program participants as I strive to provide superior customer service as we work together to complete the application process. Through enhanced educational and employment opportunities, our participants can look forward to improved personal and financial self-reliance and exemplify the importance of learning and effort within their families and community.

Many years ago I heard an inspiring song, "Go My Son", written by Ariene Nofchissey and Carnes Burson. I would like to share the lyrics with you.

"Long ago, an ancient war chief counseled his people in the way they should go. He wisely told them that education was the ladder to success and happiness.

Go my Son, go and climb the ladder, Go my Son, go and earn your feather, Go my Son, make your people proud of you. Work my son, get an education, work my son, learn a good vocation and climb my son, go and take a lofty view. From on the ladder of an education you can see to help your Indian Nation and reach my son and lift your people up with you." (PS: watching the YouTube video might give you chills)

If I can be of assistance, please feel free to contact me at 716-532-1033 ext. 5421. Thank you.
