Scan the code to fill out the Traditional Use Exposure Survey

WEST VALLEY IS ONLY 20 MILES SOUTHEAST OF THE CATTARAUGUS TERRITORY.

WVDP WILL BE IN PHASE 2 OF DECOMMISSIONING AND THE SUPPLEMENTAL ENVIRONMENTAL IMPACT STATEMENT WILL BE COMPLETED TO HELP DETERMINE WHETHER THE NUCLEAR WASTE WILL BE ENCLOSED AT THE SITE OR THE SITE FULLY REMEDIATED AND NUCLEAR FREE.

WEST VALLEY DEMONSTRATION PROJECT IS THE CLEAN -UP OF A FORMER NUCLEAR FUEL REPROCESSING FACILITY .

We need to uncover all the ways our people can be exposed to radionuclides from day-to-day interaction with our environment on territory. Every community member has input that matters.
