

# EMPIRE STATE COLLEGE INFORMATIONAL SESSION

Empire State College learning environment allows the student to stay within their community to learn. Many working adults enroll part-time. You meet at scheduled times with a mentor. Coursework is done independently and online learning is an option.

We've teamed up with the Library- the staff offers a valentine card craft activity the week of Feb 9th-13th, so bring your kids along and they can make a card for the contest!
