Lake Shore Alumni Visits

Congratulations, Charles Belisle, who recently graduated from Marine Corps boot camp. Charles will be attending Infantry School in Jacksonville, North Carolina. Charles, who graduated from Lake Shore in 2014, visited the High School on Tuesday, January 13 with a recruiter to share his experience with current students. Best Wishes, Charles from Lake Shore staff and students. We are so proud of you!

VS

Nutrition Lesson

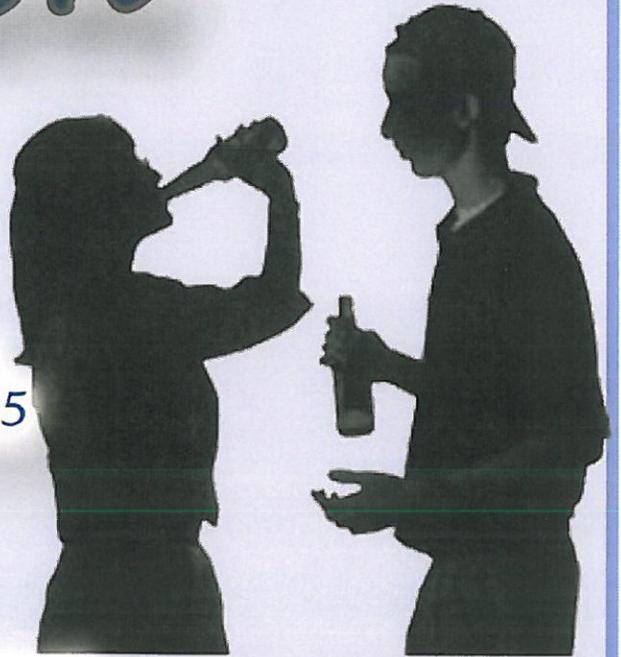

Recently, several Silver Creek High School students learned a valuable lesson about fast food nutrition. Fast food is an easy and convenient option, especially for busy teenagers, so students were asked to research the calorie, fat, and sugar content of their favorite fast food meal. Many were shocked to discover how unhealthy their preferred burger and fries were, and were asked to find more healthy alternatives. Through an online activity, students were able to research better options, even at fast food restaurants in order to develop healthier and more nutritious eating habits. In addition, students learned to be more conscientious about their choices and understand how much fat and sugar intake is considered healthy according to nutritional guidelines.
