Introduction our new departmental
AASP/JOM Monthly Newsletter
Q) Why do we need a newsletter?

A) Often people go unrecognized and unfortunately, we hear too much about what our students are not accomplishing. As the program assistant of K-12 Education I would personally like to shed some more light on those students, teachers, and staff members who in the SNI Education Department should be recognized. A lot of times our teachers and students make daily gains and successes that too often go unnoticed. The AASP/JOM department of the Seneca Nation of Indians Cattaraugus Education Department will now be on a monthly basis publishing a newsletter. We have missed a couple of months, so we would like to first retrace our steps and familiarize you with all of the AASP/JOM services we have to offer and also the wonderful staff we have on board with us. AASP/JOM stands for academic assistance services program /Johnson O' Malley. Our teaching staff conducts academic assistance services within the Tri-District Public Schools.

Delivery of Services

Our teaching staff conducts academic assistance services within the Tri-District Public Schools. Our staff assists students with academic subjects, study skills, and organizational skills that promote successful transition and completion of public school education in grades K-12. Please identify your AASP/JOM teacher from above if you do not know your child's current AASP/JOM teacher. Our programs also include supplemental services in order to further assist our Native youth. Currently, we have programming, community and organizational supports put in place.

As part of a new incentive sponsored by the Cattaraugus Education Department we will be awarding gift cards to Lasertron to one selected male and female varsity scholar athlete from each of the tri-district schools. The scholar athlete must be passing all classes with an average of 65%, with an overall GPA of 80% or above. The student must also have no disciplinary infractions for the sport season of nomination, be a varsity sports player, and have a coach reference letter if selected. All eligible will be nominated and completed applications will be sent to a committee for review. Please feel free to contact the Education Department 716.532.3341 and ask to speak with Joel Blasdell x5138 or Caitlin Snyder x5144 if you have any further questions or concerns.

Congratulations, we applaud your dedication and commitment to balancing both your academics while also being a team player!

The REACH program was created to increase student attendance and promote academic excellence. Student attendance is imperative to their overall success. If the student misses class, it is much harder for them to learn what they missed and also catch up. So, getting our Native populace to school is extremely important to the entire Education Department. Please join us in making student attendance a main priority. Any Native American student eligible for Title VII services that attends one of the tri-district schools is eligible to participate in REACH. REACH students can have Quarterly recognition, and pizza parties! This is to celebrate that our children are a priority and we applaud those that take the time to ensure student attendance in school is reached. Unfortunately, a lot of students who are eligible and would get the incentive award sadly miss out because they are not signed up. Please contact the Education Department or your child’s AASP/JOM teacher if you wish to enroll your child in REACH. Please note: that students must have 3 or less absences to qualify quarterly and also, just like student attendance, being on time to school is also a priority. A lot of core subject areas are taught first thing in the morning. Three tardies is equivalent to one absence in this incentive. Congratulations to all students, parents/guardians, teachers, and other support systems that assisted those students in REACHing the 1st Quarter incentive.

CONGRATULATIONS to ALL 1st Quarter REACH students!!!!

Social at Silver Creek

On November 13th, and in recognition of Native American Heritage Month, Silver Creek Central hosted a Social provided by the Seneca Nation Language Department. Middle and High School students, as well as district teachers, and administration were encouraged to actively participate. Several students from Ms. Tahamont's Seneca Language class helped to lead the participation.

Submitted by Aimee Sleeth and John Hilliker—Silver Creek AASP/JOM
New Incentives

The Student of the Quarter selection is designed to reward students for exhibiting consistent effort, good attendance, strong academics, good citizenship, school spirit, and community service. The AASP/JOM teachers select up to one student per grade level per building. Those selected students get to enjoy a movie on the SNI Education Department.
