

Join us help send off the NPT walkers from buffalo, and join them for the day of walking if you can. 2015 marks 70 years since the atomic bombings of Hiroshima and Nagasaki. We must never let such disasters happen again. Carrying this urgent prayer, we will walk to the Nuclear Non-Proliferation Treaty Review Conference at the United Nations in New York City. On the way we will pass through Native Americans lands, where people continue to suffer from all stages of the nuclear cycle. We will carry a prayer and a pledge that, in keeping with the wisdom of Indigenous people, we will create a sustainable society where we can live in harmony with Mother Earth. Our peace walkers from Japan will report on situation of the ongoing Fukushima nuclear power plant disaster, from which we must conclude that there can be no "peaceful use of nuclear technology."
