To start of this years events we kicked off with a children's Valentine's Day Card Making craft. This activity was fun and a terrific turn out as well! We 're happy all three (3) After School Classrooms participated.

Each received a card stock card and began decorating. All supplies provided included were glitter, stickers, ribbons, buttons, paints, construction paper, clip arts and more! Whether the card was made for mom, dad, sister, brother, or grandma, grandpa, aunt or uncle, the staff and teachers enjoyed helping the children with their cards made from the heart.

It was by far the "awesome-est" way to start off the new years' activities at the library. Seeing all their smiles and happiness making these cards for loved ones, really brought warmness to our hearts. Nya:wëh to all those who participated. *Excellent Job Everyone!*
